

POSITION DESCRIPTION AND DUTIES

PLAYER SAFETY COORDINATOR:

The powers and duties of the player safety coordinator shall be to:

- Assure that all practice and game day playing surfaces are safe for player use
- Along with Equipment Manager, assure that all KGK loaned equipment and medical kits are satisfactory and meet National Operating Committee on Standards for Athletic Equipment (NOCSAE) guidelines/certifications.
- Along with Equipment Manager, shall oversee equipment fittings at all gear handouts.
- Become First-Aid certified and coordinate the certification of any other members.
- Become a USA Football Player Safety Coach (PSC) and fulfill yearly duties of that role.
- Ensure all coaching personal, including parent helpers, obtain a USA Football Coach Membership before instructing any player in practice, scrimmages, or games.
- Ensure all player medical incidents are reported and followed in accordance with the "Player Injury Protocol", listed as appendices to this document.

In the event that this position remains unfilled, the duties of this position shall be divided up by the Executive Board members and overseen by the President. The "Player Injury Protocol" shall be established by the Player Safety Coordinator and Executive Board during each league year. The protocol shall be publically published and distributed to members.

This position is a member of the Executive Committee with full voting member rights.
